No part of this e-book may be reproduced, resold or circulated in any form without the written permission of the publisher, except brief quotations for review or teaching with credit to the author.

Rules change. Check before you pay. This book explains procedure as understood from the public documents listed in the Sources chapter, read up to November 2026. Railway Board circulars, tender documents and auction catalogues are amended often, and the document attached to your own tender or catalogue always overrides this book. Nothing here is legal, tax or investment advice for your specific case, and nothing here is an official publication of Indian Railways, CRIS or IREPS.

IREPS, Indian Railways, RDSO, CRIS, GeM and other names are used only to describe those organisations and systems. This is an independent work. Icons: Lucide (ISC licence). Typeface: Inter (SIL Open Font License).
